## INDEPENDENT AUDITOR'S REPORT

The Board of Trustees  
Calhoun County Public Schools  
St. Matthews, South Carolina

### Report on Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Calhoun County Public Schools, St. Matthews, South Carolina (District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial

statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules, pension schedules,

and OPEB schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying individual fund financial statements, as listed in the accompanying table of contents, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 16, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

*J. W. Hunt and Company*

**CALHOUN COUNTY PUBLIC SCHOOLS**  
**St. Matthews, South Carolina**

**Management's Discussion and Analysis**  
**Year Ended June 30, 2022**

---

As management of Calhoun County Public Schools (District), we offer readers of the District's financial statements a narrative overview and analysis of the financial activities for the year ended June 30, 2022. Please read the information presented here in conjunction with the District's financial statements, which immediately follow this section.

Financial Highlights

On the government-wide financial statements:

- The liabilities and deferred inflows of resources of the District exceeded its assets and deferred outflows of resources at the close of the most recent fiscal year yielding a net position of approximately \$-21.5 million. Of this amount, approximately \$24.5 million is a net pension liability and \$28.9 million is a net other post-employment benefit obligation.
- The District's net position increased by \$1.3 million. Program revenues accounted for \$13,557,732, or 46%, of total revenues, and general revenues accounted for \$15,636,797, or 54%.
- Total expenses increased \$1,253,822, from \$26,673,373 in fiscal year 2021 to \$27,927,195 in fiscal year 2022.

On the fund financial statements:

- The District's governmental fund revenues and other financing sources exceeded its expenditures and other financing uses by \$1,711,435.
- The District's general fund revenues and other sources exceeded its expenditures and other financing uses by \$1,389,592. The general fund total fund balance was reported as \$7,670,736, an increase of 22% from 2021.

Overview of the Financial Statements

This annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements, required supplementary information, and other information. This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements consist of three parts: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements (Statement of Net Position and Statement of Activities) are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business. Short-term and long-term information about the District's overall financial status are provided in these statements. These statements include all assets and liabilities using the accrual basis of accounting used by most private-sector businesses. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

The Statement of Net Position and Statement of Activities report the District's net position and changes in net position. The change in net position is important because it tells the reader that, for the District as a whole, the financial position of the District has either improved or diminished. The causes of this change may be a result of many factors, some financial, some not. Non-financial factors include the District's property tax base, current property tax laws, facility conditions, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the District is reporting as one kind of activity:

Governmental Activities - All of the District's programs and services are reported here including instruction, support service, operation and maintenance of plant, pupil transportation, and extracurricular activities.

The Statement of Net Position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, for some items, revenues and expenses are reported in this statement that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the District include general fund, special revenue funds, Educational Improvement Act funds, debt service funds, and capital projects funds.

The government-wide financial statements can be found on pages 9 and 10 of this report.

Fund Financial Statements - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds - Most of the District's basic services are included in the governmental funds, which generally focus on (1) how cash and other financial assets can readily be converted to cash flow in and out and (2) the balance left at year-end that is available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Fiduciary Funds - The District is the trustee, or fiduciary, for assets that belong to others. The District is responsible for ensuring that assets reported in these funds are used only for their intended purpose and by those to whom the asset belongs. The District excludes these activities from the government-wide financial statements because it cannot use these assets to finance operations. The student activities fund, an agency fund, is the only fiduciary fund.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 15 through 42 of this report.

Other Supplemental Information - In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information that further supports the financial statements with a comparison of the District's budget for the year and other supplementary information required by the South Carolina Department of Education.

Financial Analysis of the District as a Whole

The table below provides a summary of the District's net assets for fiscal years 2022 and 2021:

	<u>2022</u>	<u>2021</u>	<u>Difference</u>
<b>Assets:</b>			
Current and other assets	\$ 14,063,876	\$ 12,074,644	\$ 1,989,232
Capital assets	<u>30,807,226</u>	<u>31,728,721</u>	<u>(921,495)</u>
Total assets	44,871,102	43,803,365	1,067,737
Deferred outflows of resources	<u>14,181,446</u>	<u>10,536,856</u>	<u>3,644,590</u>
Total assets and deferred outflows of resources	<u>\$59,052,548</u>	<u>\$ 54,340,221</u>	<u>\$ 4,712,327</u>

NET POSITION, END OF YEAR	<u>\$ (21,488,967)</u>	<u>\$ (22,756,301)</u>	<u>\$ 1,267,334</u>

### Financial Analysis of the District Funds

As of the close of the current fiscal year, the District's governmental funds combined ending fund balance was \$12,048,313, an increase of \$1,711,435.

### General Fund Budgetary Highlights

The District uses a site-based budget to provide flexibility for each school to allocate funds to identified needs. The District allocates dollars to the schools on an equitable basis for supplies in areas of instruction, media, guidance, and administration.

The District budgeted \$18,054,275 of revenue to be received from local and state sources. Of this amount, we had a positive variance in revenue of \$440,963.

- Actual revenue from local government units was \$592,309 higher than expected and state revenue was \$175,724 lower than expected

In total, actual expenditures were less than the budget spending plan by \$948,629. Of the \$18,054,275 budgeted, \$17,105,646 was spent.

### Capital Asset and Debt Administration

Capital Assets - As of June 30, 2022, the District had invested \$52,770,258 in a broad range of depreciable capital assets, including school buildings, athletic facilities, technology equipment and various types of equipment to operate three schools and one administrative office. This amount represents a net increase of \$442,264 from last year. (More detailed information about capital assets can be found in Note 6 to the financial statements.) Total depreciation expense for the year was \$1,324,309. Capital assets, net of accumulated depreciation, as of June 30, 2022 and 2021, is summarized below:

	<u>2022</u>	<u>2021</u>	<u>% Change</u>
Land	\$ 1,330,883	\$ 1,330,883	0.00%
Buildings and improvements	28,870,639	29,722,000	-2.86%
Equipment	605,704	636,388	-4.82%
Construction in progress	-	39,450	-100.00%
Total	<u>\$ 30,807,226</u>	<u>\$ 31,728,721</u>	<u>-2.90%</u>

Long-Term Debt - As of June 30, 2022, the District had \$1,303,000 in General Obligation Bonds outstanding and \$15,950,000 in EFC Revenue Refunding Bonds outstanding. This represents a net decrease of \$1,594,000 in debt compared to the prior year. Note 7 in the financial statements contains detailed information about long-term debt.

There is a state statute limiting the amount of general obligation debt a governmental entity may issue. The limit is eight (8) percent of total assessed valuation. To exceed this limit an entity must go for a bond referendum.

The District received an "A1" rating from Moody's and an "A/A+" rating from Standard and Poor's for general obligation debt.

Economic Factor and Next Year's Budget and Rates - The County in which the District resides is predominantly a rural area. The District's economy depends heavily on manufacturing for both its employment and tax base. The outlook is for manufacturing to grow at a steady rate to add to the County's employment and tax base. Student enrollment decreased in the District for the school year 2021-2022.

Request for Information - This financial report is designed to provide our citizens, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the resources it receives. If you have questions about this report or need additional information, contact the Office of Finance, Calhoun County Public Schools, 125 Herlong Avenue, Post Office Box 215, St. Matthews, South Carolina 29135.

RECONCILIATION OF GOVERNMENTAL FUNDS  
BALANCE SHEET TO STATEMENT OF NET POSITION  
JUNE 30, 2022

---

Total fund balances - governmental funds	\$ 12,048,313
--	---------------

Amounts reported for governmental activities in the statement of activities are different because of the following:

Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds.

Historical cost	\$ 54,101,141	
Accumulated depreciation	<u>(23,293,915)</u>	30,807,226

Property taxes receivable will be collected but are not available soon enough to pay for the current period's expenditures and are considered unavailable revenues in the funds.

579,874

Prepaid insurance on bond costs are amortized over the lives of the bonds; however in governmental account, prepaid insurance costs are expenditures in the year they are incurred.

39,782

Advance refunding charges are amortized over the lives of the bonds; however in governmental accounting, advance refunding charges are expenditures or other financing uses the year they are incurred.

Refunding charges	513,270	
Accumulated amortization	<u>(325,327)</u>	187,943

The District's proportionate share of the net pension liability, deferred outflows of resources, and deferred inflows of resources are not recorded in the governmental funds but are recorded in the Statement of Net Position.

Net pension liability	(24,504,602)	
Deferred inflows of resources	(5,695,127)	
Deferred outflows of resources	<u>6,097,248</u>	(24,102,481)

The District's proportionate share of the net other post-employment benefit obligation, deferred outflows of resources, and deferred inflows of resources are not recorded in the governmental funds but are recorded in the Statement of Net Position.

Net other post-employment benefit obligation	(28,856,507)	
Deferred inflows of resources	(1,857,333)	
Deferred outflows of resources	<u>7,896,255</u>	(22,817,585)

Long-term obligations, including debt premiums and discounts, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term obligations consisted of:

Refunding bond payable	(15,950,000)	
GO bonds payable	(1,303,000)	
Premiums, net of accumulated amortization	(656,453)	
Accrued compensated absences	(265,747)	
Accrued interest	<u>(56,839)</u>	(18,232,039)

Total net position - governmental activities	<u>\$ (21,488,967)</u>
--	------------------------

**CALHOUN COUNTY PUBLIC SCHOOLS  
ST. MATTHEWS, SOUTH CAROLINA**

RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF REVENUES,  
EXPENDITURES, AND CHANGES IN FUND BALANCES TO STATEMENT OF ACTIVITIES  
YEAR ENDED JUNE 30, 2022

Total net change in fund balance - governmental funds \$ 1,711,435

Amounts reported for governmental activities in the Statement of Activities are different because of the following:

Capital outlays are reported in governmental funds as expenditures. Not all capital outlay is capitalized, only those items over \$5,000. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Depreciation	\$ (1,324,309)	
Capital outlay	<u>402,815</u>	(921,494)

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets.

Bonds issued	(2,444,000)	
Bond premiums, net of accretion	142,191	
Amortization of bond insurance cost	(11,677)	
Bond principal retirement	<u>4,038,000</u>	1,724,514

Advance refunding charges are expenditures or other financing uses the year they are incurred in governmental funds, but are amortized over the lives of the bonds in the Statement of Activities. This amount represents the current year amortization expense for advance refunding charges.

(40,710)

Because some property taxes will not be collected for several months after the District's fiscal year ends, they are not considered "available" revenues and are deferred in the governmental funds. Deferred tax revenues changed by this amount this year.

72,214

In the Statement of Activities, compensated absences (vacation pay) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).

41,178

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. This amount represents the net change in accrued interest for the year.

8,059

Changes in the District's proportionate share of the net pension liability, deferred outflows of resources, and deferred inflows of resources for the current year are not reported in the governmental funds but are reported in the Statement of Activities.

359,330

Changes in the District's proportionate share of the net other post-employment benefit obligation, deferred outflows of resources, and deferred inflows of resources for the current year are not reported in the governmental funds but are reported in the Statement of Activities.

(1,687,192)

Change in net position of governmental activities

\$ 1,267,334

**CALHOUN COUNTY PUBLIC SCHOOLS  
ST. MATTHEWS, SOUTH CAROLINA**

**NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

The financial statements of Calhoun County Public Schools (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The accompanying financial statements present the District and its component unit, an entity for which the District is considered to be financially accountable. The blended component unit, although legally a separate entity is, in substance, part of the District's operations. The more significant of the District's accounting policies are described below.

*Reporting Entity:*

The definition of a primary government is an entity that has a separately elected governing body, is legally separate from other entities and is fiscally independent of other state and local governmental entities. The management of the District believes that although Calhoun County Public Schools does not have the power to directly levy taxes, it meets the fiscally independent test since Calhoun County (County) is required by South Carolina (State) law to maintain local effort and therefore cannot materially affect the tax levy submitted by the District. The District has therefore been classified as a primary government and these financial statements include the accounts of the District and its component unit operations.

Blended Component Unit - The SCAGO Educational Facilities Corporation (SCAGO) is a nonprofit entity formed in 2007 for the purpose of undertaking certain obligations with respect to the acquisition or sale of real and/or personal property in connection with the design, construction, operation, financing and refinancing of educational facilities to be used by the District and such other projects located in and for the benefit of the District as permitted by applicable law. SCAGO does not issue separate financial statements.

The District entered into a lease purchase agreement with SCAGO that required a transfer of the District's governmental assets to SCAGO for the aforementioned purpose. Over a period of 25 years, beginning in 2007-2008, the District will issue general obligation bonds, the proceeds of which will be used to repurchase the improved and newly constructed assets.

*Governmental Funds:*

General Fund - The general operating fund of the District is used to account for all financial resources except those required to be accounted for in another fund. All general tax revenues and other receipts that are not allocated by law or contractual agreement to other funds are recorded in the general fund. General operating expenditures and capital improvement costs that are not paid through other funds are paid through the general fund. Since it is a budgeted fund, any fund balance is considered a resource available for use.

CALHOUN COUNTY PUBLIC SCHOOLS  
NOTES TO FINANCIAL STATEMENTS

---

Special Revenue Funds - Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The term "proceeds of specific revenue sources" establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. The District has three special revenue funds:

*Special Projects Fund* - used to account for financial resources provided by federal, state, and local projects and grants. Budgets are prepared on a per project basis, generally with approval of the funding source. These budgets are not a part of the formal budget process approved by the board of trustees.

*Educational Improvement Act (EIA) Fund* - used to account for revenue from the South Carolina Education Improvement Act of 1984, which is legally required by the State to be accounted for as a specific revenue source. Budgets are prepared on a per project basis. These budgets are not a part of the formal budget process approved by the board of trustees.

*Food Service Fund* – used to account for cafeteria operations at school locations. The fund is financed by user charges and subsidized by United States Department of Agriculture (USDA) school lunch and breakfast programs.

Debt Service Funds - These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for debt principal and interest.

Capital Projects Funds - These funds are used to account for financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition and construction of capital facilities and other capital assets. Capital project funds exclude those types of capital related outflows financed by the proprietary funds.

*Basis of Presentation:*

Government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the activities of the District. As a general rule, the effect of interfund activity has been eliminated from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function or segment. Program revenues include amounts paid by the recipient of goods or services provided by a given function or segment. In addition, program revenues include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund financial statements are also provided in the report for all governmental funds of the District.

CALHOUN COUNTY PUBLIC SCHOOLS  
NOTES TO FINANCIAL STATEMENTS

---

The District reports the General Fund, Special Revenue Fund, Capital Projects Fund, Debt Service Fund, SCAGO Debt Service Fund, and SCAGO Capital Projects Fund as major governmental funds.

*Measurement Focus and Basis of Accounting:*

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied by the County. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Net position (assets and deferred outflows less liabilities and deferred inflows) is used as a practical measure of economic resources and the operating statement includes all transactions and events that increased or decreased the District's net position. Depreciation is charged as expense against current operations and accumulated depreciation is reported on the statement of net position.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property taxes are considered "measurable" when transferred to the District's account by the County Treasurer and are recognized at that time. Revenue from federal, state and other grants designated for payment of specific District expenditures is recognized when the related expenditures are incurred; accordingly, when such funds are received, they are recorded as unearned revenues. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

*Budget:*

The District adopts an annual budget for the general fund, and certain special revenue funds prior to the beginning of each fiscal year. The adopted budget specifies expenditure limits appropriated to each function. Changes between functions require approval of the Board of Trustees (Board).

The budget is prepared on a basis consistent with GAAP, which is consistent with actual financial statement results, including significant accruals, to provide meaningful comparisons. Encumbrances (excluded from actual expenditures in the budget comparison) are not utilized.

*Cash and Investments:*

State statutes authorize the District to invest in (1) obligations of the United States (U.S.) and its agencies, (2) general obligations of the State and its subdivisions, (3) savings and loan associations to the extent of federal insurance, (4) certificates of deposit collaterally secured, (5) repurchase agreements secured by the foregoing obligations, and (6) the State Treasurer's internal investment pool.

CALHOUN COUNTY PUBLIC SCHOOLS  
NOTES TO FINANCIAL STATEMENTS

---

*Cash and cash equivalents* include cash on hand, demand deposits, short-term highly liquid investments that are readily convertible with original maturities of three months or less, and funds deposited with the State Treasurer as part of an internal investment pool. Funds invested through the State's internal cash management pool administered by the State Treasurer's Office are considered cash equivalents because the pool operates as a demand deposit account.

*Cash, Cash Equivalents, and Investments with Fiscal Agent:* The County Treasurer, fiscal agent for the District, receives funds from local, state, and federal sources on behalf of the District. Funds are remitted to the District once a claim has been presented to the County. Funds held by the County are invested in cash, money market funds, short-term certificates of deposit, and the State Treasurer's investment pool. These funds, except for investments with the State Treasurer, are collateralized with government investments held by the pledging institution's agent in the name of the County.

Investments with maturities less than one year at the time of purchase are recorded at amortized cost which approximates fair value.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation to the District. The investments held by the District are primarily U.S. Treasury Notes. U.S. Treasury Notes are issued by the federal government and are backed by the "full faith and credit" of the U.S. government.

Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty, the District will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party.

Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investments in a single issuer. The District has individual investments that represent 5% or more of total investments. The District has no investment policy that would limit its investment choices other than those that are mandated by state law. The District also places no limit on the amount it may invest in any one issuer.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District minimizes its interest rate risk by restricting its investment maturities to no more than one year.

*Inventories:*

Purchased food and food supplies are carried in an inventory account at cost on the first-in, first-out method of accounting and are subsequently charged to expense when used. USDA food commodities are priced at values assigned by the federal government, which approximate local wholesale prices.

*Capital Assets:*

Capital assets, which include property and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than

CALHOUN COUNTY PUBLIC SCHOOLS  
NOTES TO FINANCIAL STATEMENTS

---

\$5,000 and an estimated useful life in excess of one year. In addition, capital assets purchased with long-term debt may be capitalized regardless of the thresholds established. Real property (land, land improvements and buildings) acquired or constructed prior to June 30, 2001 were recorded at cost or estimated historical cost. Acquisitions subsequent to June 30, 2001 have been recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

All reported capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40
Building improvements	40
Improvements other than buildings	15
Furniture and equipment	10
Vehicles	10
Computers	5
Software	3

*Fund Balances:*

The governmental funds have the following types of fund balances:

*Nonspendable* - The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. It also includes the long-term amount of loans and notes receivable, as well as property acquired for resale.

*Restricted* - Fund balance should be reported as restricted when constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

*Committed* - Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority should be reported as committed fund balance. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action (for example, legislation, resolution, ordinance) it employed to previously commit those amounts.

CALHOUN COUNTY PUBLIC SCHOOLS  
NOTES TO FINANCIAL STATEMENTS

---

*Assigned* - Amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed, should be reported as assigned fund balance, except for stabilization arrangements. Intent should be expressed by (a) the governing body itself or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

*Unassigned* - Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

The District reports assigned fund balance when it appropriates a portion of fund balance in the next fiscal year's general fund budget.

The District applies restricted resources when an expenditure is incurred for the purposes for which both restricted and unrestricted net assets are available. The District applies committed amounts, followed by assigned amounts, and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

*Net Position:*

Net position is composed of net assets invested in capital assets, net of related debt, and consists of capital assets reduced by accumulated depreciation and the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Outstanding debt that has not been spent is included in the same net asset component as the unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

*Compensated Absences:*

Compensated absences are absences for which employees will be paid. A liability for compensated absences, including all salary-related payments, is accrued as employees earn the rights to the benefits. Amounts paid during the year from current resources are charged to the funds from which the employees are paid.

Annual vacation is earned by employees up to a maximum of thirty days.

*Use of Estimates:*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results could differ from those estimates.

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

---

*Subsequent Events:*

The District has considered subsequent events through November 16, 2022, the date the financial statements were available to be issued.

*Accounting Pronouncements with Future Implementation Dates:*

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* (GASB No. 96), was issued in May 2020 and provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). GASB No. 96 establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability. A government should recognize the subscription liability at the commencement of the subscription term, which is when the subscription asset is placed into service. The subscription liability should be initially measured at the present value of subscription payments expected to be made during the subscription term. Future subscription payments should be discounted using the interest rate the SBITA vendor charges the government, which may be implicit, or the government's incremental borrowing rate if the interest rate is not readily determinable. A government should recognize amortization of the discount on the subscription liability as an outflow of resources in subsequent financial reporting periods and should recognize amortization of the subscription asset as an outflow of resources over the subscription term. The requirements of GASB No. 96 are effective for reporting periods beginning after June 15, 2022. The District is currently evaluating the impact that GASB No. 96 will have on its financial statements.

**NOTE 2 - CASH AND CASH EQUIVALENTS:**

*Deposits:*

The District's bank balances at June 30, 2022, totaled \$1,687,964. Of this balance, \$259,976 was collateralized by Federal Deposit Insurance. The remaining balance was collateralized by obligations of the U.S. and its agencies (as required by state law) and is held at Bank of New York Mellon under the District's control via book entry. The District's cash and cash equivalents consist of the following:

Petty cash	\$ 6,000
Cash	589,037
Cash and cash equivalents held by county	<u>9,988,504</u>
Total unrestricted cash and cash equivalents	10,583,541
Restricted cash and cash equivalents with trustee	<u>417,704</u>
Total cash and cash equivalents	<u><u>\$ 11,001,245</u></u>

Cash and cash equivalents held by the County are collateralized in the same manner as the District's own cash.

**NOTE 3 - PROPERTY TAXES:**

Property taxes are levied by the County on real and personal properties owned on the preceding December 31 of each fiscal year ended June 30. Liens attach to the property at the time taxes are levied which is usually in November. These taxes are due without penalty through January 15. Penalties are added to taxes depending on the date paid as follows:

January 15 through February 1	3% of tax
February 2 through March 16	10% of tax
March 17 through March 31	15% of tax plus collection cost

Current year real and personal taxes become delinquent on April 1. The levy date for motor vehicles is the first day of the month in which the motor vehicle license expires.

The principal property tax incentive arrangements authorized by South Carolina law, and implemented at the county government level, are the fee-in-lieu of property tax (FILOT) incentive and the Special Source Revenue Credit (SSRC) incentive. The County uses these property tax incentive arrangements to encourage economic development. The District does not directly negotiate or enter into such arrangements but is impacted by them in the form of reduced property tax revenue from the County. Property tax revenue received by the District from the County for 2021 was reduced by approximately \$3,034,000 due to the FILOT abatement and SSRC incentive. The County has not yet released this information for tax year 2022.

**NOTE 4 - COMPLIANCE AND ACCOUNTABILITY:**

No individual funds incurred expenditures in excess of budgeted appropriations for the year ended June 30, 2022.

**NOTE 5 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS:**

*Due to/from Other Funds:*

The outstanding balances between funds result mainly from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made.

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

---

As of June 30, 2022, the composition of interfund balances is as follows:

	<u>Due from Other Funds</u>	<u>Due to Other Funds</u>
General Fund	\$ 72,110	\$ -
Special Revenue Funds:		
Special Projects	437,769	1,420,290
EIA	277,963	-
Food Service	505,414	4,127
Debt Service Fund	258,972	-
Capital Projects Fund	325,630	453,441
	<hr/>	<hr/>
Total	\$ 1,877,858	\$ 1,877,858
	<hr/>	<hr/>

*Interfund Transfers:*

Transfers are used to move revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

During the year ended June 30, 2022, the following transfers were made:

	<u>Transfers To</u>	<u>Transfers From</u>
General Fund:		
Special Revenue Fund - Other Projects	\$ 335,668	\$ (1,966)

**NOTE 7 - LONG-TERM OBLIGATIONS:**

The following is a summary of the District's long-debt obligations:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
General obligation bonds:					
Series 2017B	\$ 1,312,000	\$ -	\$ (317,000)	\$ 995,000	\$ 324,000
Series 2021A	330,000	-	(330,000)	-	-
Series 2021B	-	2,136,000	(2,136,000)	-	-
Series 2022A	-	308,000	-	308,000	308,000
Installment purchase refunding revenue bonds:					
Series 2015	17,205,000	-	(1,255,000)	15,950,000	1,320,000
Subtotal	18,847,000	2,444,000	(4,038,000)	17,253,000	1,952,000
Bond premium	798,644	-	(142,191)	656,453	127,470
Net bond indebtedness	19,645,644	2,444,000	(4,180,191)	17,909,453	2,079,470
Compensated absences	306,924	-	(41,178)	265,746	89,414
<b>Total</b>	<b>\$19,952,568</b>	<b>\$ 2,444,000</b>	<b>\$ (4,221,369)</b>	<b>\$18,175,199</b>	<b>\$ 2,168,884</b>

Further information about bond indebtedness outstanding at June 30, 2022 is as follows:

	<u>Issue Date</u>	<u>Final Maturity Date</u>	<u>Interest Rates</u>	<u>Amount Issued</u>	<u>Amount Outstanding</u>
General Obligation Bonds:					
Series 2017B	6/1/17	3/1/25	2.19%	\$ 2,500,000	\$ 995,000
Series 2022A	5/17/22	3/1/23	1.79%	308,000	308,000
Installment Purchase Refunding Revenue Bonds:					
Series 2015	12/29/15	12/1/31	2.75% - 5.00%	22,810,000	15,950,000
<b>Total</b>				<b>\$ 25,618,000</b>	<b>\$ 17,253,000</b>

The District received a premium of \$1,792,764 upon issuance of the Series 2015 Installment Purchase Refunding Revenue Bonds. These bonds were issued for the purpose of advance refunding the outstanding balance of the Series 2006 Installment Purchase Revenue Bonds. The reacquisition price exceeded the net carrying amount of the old debt by \$513,270. This amount, along with the premium received, are being amortized over the life of the new debt, which has the same life as the old debt.

The District has also issued short-term general obligation bonds to provide funding for its annual debt service needs under the 2015 bond issue.

For payment of principal and interest on general obligation bonds, the full faith, credit, and resources of the District are pledged. Further, Calhoun County will levy and collect annually taxes sufficient to pay such obligations.

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

---

The annual debt service requirements for the District's bond indebtedness subsequent to June 30, 2022 are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 1,952,000	\$ 591,215	\$ 2,543,215
2024	1,717,000	527,742	2,244,742
2025	1,764,000	465,820	2,229,820
2026	1,495,000	385,413	1,880,413
2027	1,570,000	308,788	1,878,788
2028-2032	8,755,000	700,669	9,455,669
Total	<u>\$ 17,253,000</u>	<u>\$ 2,979,647</u>	<u>\$ 20,232,647</u>

Under the provisions of Article X, Section 14 of the State Constitution, each county, incorporated municipality and special purpose district may, in such manner and upon such terms and conditions as the State General Assembly shall prescribe by general law, incur general obligation debt authorized by a majority vote of the qualified electors thereof voting in a referendum, without limitation as to amount, and incur, without an election, general obligation debt (in addition to bonded indebtedness existing on November 30, 1977, and bonded indebtedness authorized by a majority vote of qualified electors) in an amount not exceeding 8% of the assessed value of all taxable property therein. Existing judicial interpretations of the Constitution provide that debt issued to refund general obligation debt legitimately incurred are excluded from computations of "bonded indebtedness" for purposes of that issue. Also excluded from the debt limit is debt issued in anticipation of the collection of ad valorem taxes.

The District's debt limitation at June 30, 2022 is computed below:

2021 Assessed value (as provided by Calhoun County)	\$ 92,216,546
	<u>X 8%</u>
Constitutional debt limit	7,377,324
Debt subject to limit	<u>(1,303,000)</u>
Legal debt available without a referendum	<u>\$ 6,074,324</u>

**NOTE 8 - DEFERRED COMPENSATION PLANS:**

Several optional deferred compensation plans are available to State employees. Certain employees of the District have elected to participate. The multiple-employer plans, created under Internal Revenue Code (Code) Sections 457 and 401(k), are accounted for as agency funds of the State and included in its Comprehensive Annual Financial Report (CAFR). Employees may withdraw the current value of their contributions when they terminate State employment. Employees may also withdraw contributions prior to termination if they meet requirements specified by the applicable plan.

Compensation deferred under the Section 401(k) plan is placed in trust for the contributing employee. The State has no liability for losses under the plan. The Section 457 plan has been amended to comply with Code changes.

In addition to the Section 401(k) plan discussed above, employees may participate in additional plans available through sources other than the State. The District is not required to make contributions on behalf of employees participating in these plans.

**NOTE 9 - RETIREMENT PLAN:**

*Description of the Entity:*

South Carolina Public Employee Benefit Authority (PEBA), created July 1, 2012, is the state agency responsible for the administration and management of the various retirement systems and retirement programs of the state of South Carolina, including the State Optional Retirement Program (State ORP) and the South Carolina Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' five defined benefit pension plans (Systems). PEBA has an 11-member board of directors, appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an 8-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems' fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with GAAP. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

CALHOUN COUNTY PUBLIC SCHOOLS  
NOTES TO FINANCIAL STATEMENTS

---

PEBA issues a Comprehensive Annual Financial Report (CAFR) containing financial statements and required supplementary information for the Systems' Pension Trust Funds. The CAFR is publicly available through PEBA's website at [www.peba.sc.gov](http://www.peba.sc.gov), or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the CAFR of the state.

*Plan Description:*

South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for teachers and employees of the state and its political subdivisions. SCRS covers employees of state agencies, public school districts, higher education institutions, other participating local subdivisions of government and individuals newly elected to the South Carolina General Assembly at or after the 2012 general election.

State ORP is a defined contribution plan that is offered as an alternative to SCRS to certain newly hired employees of state agencies, institutions of higher education, public school districts and individuals first elected to the General Assembly at or after the general election in November 2012. State ORP participants direct the investment of their funds into an account administered by one of four third party service providers. For this reason, State ORP assets are not part of the retirement systems' trust funds for financial statements purposes.

*Membership:*

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below.

- SCRS - Generally, all employees of covered employers are required to participate in and contribute to the system as a condition of employment. This plan covers general employees and teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.
- State ORP - As an alternative to membership in SCRS, newly hired state, public school, and higher education employees and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election have the option to participate in State ORP. Contributions to State ORP are at the same rates as SCRS. A direct remittance is required from the employer to the member's account with the ORP service provider for the employee contribution and a portion of the employer contribution (5%). A direct remittance is also required to SCRS for the remaining portion of the employer contribution and an incidental death benefit contribution, if applicable, which is retained by SCRS.

*Benefits:*

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation/current annual salary. A brief summary of the benefit terms for SCRS is presented below.

An SCRS Class Two member who has separated from service with at least 5 or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least 8 or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the 5 or 8 year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible SCRS retirees or their surviving annuitants is increased by the lesser of 1% or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

*Contributions:*

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability (UAAL) over a period that does not exceed the number of years scheduled in state statute. Legislation in 2017 increased, but also established a ceiling for SCRS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9%. The legislation also increased employer contribution rates beginning July 1, 2017 for SCRS by 2% and further scheduled employer contribution rates to increase by a minimum of 1% each year in accordance with state statutes. However, the General Assembly postponed the 1% increase in the SCRS employer contribution rate that was scheduled to go into effect beginning July 1, 2020. If the scheduled contributions are not sufficient to meet the funding periods set in state statute, the board shall increase the employer contribution rates as necessary to meet the funding periods set for the applicable year. The maximum funding period of SCRS is scheduled to be reduced over a 10-year schedule from 30 years beginning fiscal year 2018 to 20 years by fiscal year 2028.

CALHOUN COUNTY PUBLIC SCHOOLS  
NOTES TO FINANCIAL STATEMENTS

---

Additionally, the PEBA board is prohibited from decreasing the SCRS contribution rates until the funded ratio is at least 85%. If the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the system (the funded ratio) that is equal to or greater than 85%, then the PEBA board, effective on the following July 1st, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than 85%. If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the system shows a funded ratio of less than 85%, then effective on the following July 1st, and annually thereafter as necessary, the PEBA board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the system shows a funded ratio that is equal to or greater than 85%.

Required employee contribution rates for fiscal year 2022 are as follows:

SCRS	
Employee Class Two	9.00% of earnable compensation
Employee Class Three	9.00% of earnable compensation
State ORP	
Employee	9.00% of earnable compensation

Required employer contribution rates for fiscal year 2022 are as follows:

SCRS	
Employer Class Two	16.41% of earnable compensation
Employer Class Three	16.41% of earnable compensation
Employer Incidental Death Benefit	0.15% of earnable compensation
State ORP	
Employer Contribution <sup>1</sup>	16.41% of earnable compensation
Employer Incidental Death Benefit	0.15% of earnable compensation

---

<sup>1</sup>Of this employer contribution, 5% of earnable compensation must be remitted by the employer directly to the ORP vendor to be allocated to the member's account with the remainder of the employer contribution remitted to the SCRS.

The District's contributions to the Plan for the year ended June 30, 2022 were \$2,115,518. Plan members' contributions to the Plan for the year ended June 30, 2022 were \$1,126,425.

For the year ended June 30, 2022, the District's total payroll for all employees was \$13,585,495. Total covered payroll was \$12,886,907. Covered payroll refers to all compensation paid by the District to active employees covered by the Plan.

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

---

*Actuarial Assumptions and Methods:*

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each 5-year period. An experience report on the Systems was most recently issued for the period ended June 30, 2019.

The June 30, 2021, total pension liability, net pension liability, and sensitivity information were determined by Systems' consulting actuary, Gabriel, Roeder, Smith and Company (GRS) and are based on an actuarial valuation performed as of July 1, 2020. The total pension liability was rolled-forward from the valuation date to the Systems' fiscal year ended June 30, 2021, using generally accepted actuarial principles. There was no legislation enacted during the 2021 legislative session that had a material change in the benefit provisions for any of the systems. In FY 2021, PEBA adopted updated demographic assumptions. Also, the General Assembly permitted the investment return assumption at July 1, 2021 to decrease from 7.25% to 7.00%, as provided by Section 9-16-335 in South Carolina State Code.

The following table provides a summary of the actuarial assumptions and methods used to calculate the total pension liability of SCRS as of June 30, 2021:

Actuarial cost method	Entry age normal
Investment rate of return	7.00%
Projected salary increases	3.0% to 11.0% (varies by service)
Includes inflation at	2.25%
Benefit adjustments	Lesser of 1% or \$500 annually

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumptions, the 2020 Public Retirees of South Carolina Mortality table (2020 PRSC), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using 80% of Scale UMP projected from the year 2020. Assumptions used in the determination of the June 30, 2021, total pension liability for SCRS are as follows:

Former Job Class	Males	Females
Educators	2020 PRSC Males multiplied by 95%	2020 PRSC Females multiplied by 94%
General Employees and Members of the General Assembly	2020 PRSC Males multiplied by 97%	2020 PRSC Females multiplied by 107%

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

*Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions:*

Net pension liability is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB No. 67 less that system's fiduciary net position. Net pension liability totals as of June 30, 2021 for SCRS are presented below.

<u>System</u>	<u>Total Pension Liability</u>	<u>Plan Fiduciary Net Position</u>	<u>Employer's Net Pension Liability (Asset)</u>	<u>Plan Fiduciary Net Position as a Percentage of the Total Pension Liability</u>
SCRS	\$ 55,131,579,363	\$ 33,490,305,970	\$ 21,641,273,393	60.7%

Total pension liability is calculated by the Systems' actuary, and each plan's fiduciary net position is reported in the Systems' financial statements. Liability calculations performed by the Systems' actuary for the purpose of satisfying the requirements of GAAP are not applicable for other purposes, such as determining the plan's funding requirements.

At June 30, 2022, the District reported a liability of \$24,504,602 for its proportionate share of SCRS's net pension liability, which was determined based on the July 1, 2020 actuarial valuation, using membership data as of July 1, 2020, projected forward to June 30, 2021, and financial information of the pension trust fund as of June 30, 2021, using generally accepted actuarial procedures. The District's portion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all participating entities. At the June 30, 2021 measurement date, the District's proportion of SCRS was 0.113231%.

For the year ended June 30, 2022, the District recognized pension expense of -\$359,330. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual results	\$ 417,408	\$ (33,072)
Net difference between projected and actual earnings on Plan investments	1,806,419	(5,366,036)
Change in proportionate share	416,601	(296,019)
Change in assumptions	1,341,302	-
Contributions subsequent to the measurement date	2,115,518	-
Total	<u>\$ 6,097,248</u>	<u>\$ (5,695,127)</u>

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

Contributions submitted subsequent to the measurement date resulted in a deferred outflow of resources and will be recognized as a reduction of the net pension liability in the next fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

<u>Year ending June 30,</u>	
2023	\$ 93,199
2024	87,315
2025	200,921
2026	<u>1,331,962</u>
Net balance of deferred outflows of resources	<u>\$ 1,713,397</u>

*Long-term Expected Rate of Return:*

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rate of return represents assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2021 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table below. For actuarial purposes, the 7.00% assumed annual investment rate of return used in the calculation of total pension liability includes a 4.75% real rate of return and a 2.25% inflation component.

<u>Allocation/Exposure</u>	<u>Policy Target</u>	<u>Expected Arithmetic Real Rate of Return</u>	<u>Long Term Expected Portfolio Real Rate of Return</u>
<b>Public Equity</b>	<b>46.0%</b>	6.87%	3.16%
<b>Bonds</b>	<b>26.0%</b>	0.27%	0.07%
<b>Private Equity</b>	<b>9.0%</b>	9.68%	0.87%
<b>Private Debt</b>	<b>7.0%</b>	5.47%	0.39%
<b>Real Assets</b>	<b>12.0%</b>		
Real Estate	9.0%	6.01%	0.54%
Infrastructure	3.0%	5.08%	<u>0.15%</u>
Total Expected Return	100.0%		5.18%
Inflation for Actuarial Purposes			<u>2.25%</u>
			<u>7.43%</u>

*Discount Rate:*

The discount rate used to measure total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, the System's fiduciary net position

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

---

was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

*Sensitivity Analysis:*

The following table presents the District's proportionate share of net pension liability calculated using the discount rate of 7.00% as well as what the District's proportionate share of net pension liability would be if it were calculated using a discount rate that is 1.00% lower (6.00%) or 1.00% higher (8.00%) than the current rate:

Sensitivity of the Net Pension Liability to Changes in the Discount Rate			
System	1.00% Decrease (6.00%)	Current Discount Rate (7.00%)	1.00% Increase (8.00%)
SCRS	\$ 32,098,015	\$ 24,504,602	\$ 18,192,957

**NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS (OPEB):**

*Plan Description:*

PEBA – Insurance Benefits is the state agency responsible for the administration and management of the state's employee insurance programs and other post-employment benefit trusts. The Other Post-Employment Benefits Trust Funds (OPEB Trusts), collectively referring to the South Carolina Retiree Health Insurance Trust Fund (SCRHITF) and the South Carolina Long-Term Disability Insurance Trust Fund (SCLTDITF), were established by the State of South Carolina as Act 195, which became effective in May 2008. SCRHITF was created to fund and account for the employer costs of the state's retiree health and dental plans. SCLTDITF was created to fund an account for the employer costs of the state's Basic Long-Term Disability Income Benefit Plan.

In accordance with Act 195, the OPEB Trusts are administered by PEBA - Insurance Benefits and the State Treasurer is the custodian of the funds held in trust. The PEBA Board has been designated as the Trustee.

The OPEB Trusts are cost-sharing multiple-employer defined benefit OPEB plans. Article 5 of the state Code of Laws defines the two plans and authorizes the Trustee to at any time adjust the plans, including its benefits and contributions, as necessary to insure the fiscal stability of the plans. In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides post-employment health and dental and long-term disability benefits to retired state and school district employees and their covered dependents.

*Benefits:*

SCRHITF is a healthcare plan that covers retired employees of the State of South Carolina, including all agencies, and public school districts. SCRHITF provides health and dental insurance benefits to eligible retirees. Generally, retirees are eligible for the health and dental benefits if they have established at least 10 years of retirement service credit. For new hires beginning

CALHOUN COUNTY PUBLIC SCHOOLS  
NOTES TO FINANCIAL STATEMENTS

---

employment May 2, 2008 and after, retirees are eligible for benefits if they have established 25 years of service for 100% employer funding and 15-24 years of service for 50% employer funding.

SCLTDITF is a long-term disability plan that covers employees of the State of South Carolina, including all agencies and public school districts and all participating local governmental entities. SCLTDITF provides disability payments to eligible employees that have been approved for disability.

*Contributions and Funding Policy:*

Section 1-11-710 of the South Carolina Code of Laws of 1976, as amended, requires the post-employment and long-term disability benefits to be funded through non-employer and employer contributions for active employees and retirees to PEBA - Insurance Benefits. Non-employer contributions consist of an annual appropriation by the General Assembly and the statutorily required transfer from PEBA – Insurance Benefits reserves.

SCRHITF is funded through participating employers that are mandated by state statute to contribute at a rate assessed each year by the Department of Administration Executive Budget Office on active employee covered payroll. The covered payroll surcharge for the year ended June 30, 2021 was 6.25%. SCRS collects the monthly covered payroll surcharge for all participating employers and remits it directly to SCRHITF. Other sources of funding for SCRHITF include the implicit subsidy, or age-related subsidy inherent in the healthcare premiums structure. The implicit subsidy represents a portion of the health care expenditures paid on behalf of the employer's active employees. For purposes of GAAP, this expenditure on behalf of the active employee is reclassified as a retiree health care expenditure so that the employer's contributions towards the plan reflect the underlying age-adjusted, retiree benefit costs. Non-employer contributions consist of an annual appropriation by the General Assembly and the statutorily required transfer from PEBA – Insurance Benefits reserves. However, due to the COVID-19 pandemic and the impact it has had on the PEBA – Insurance Benefits reserves, the General Assembly has indefinitely suspended the statutorily required transfer until further notice. The SCRHITF is also funded through investment income.

SCLTDITF is funded through employer contributions for active employees that elect health insurance coverage. For this group of active employees, PEBA – Insurance Benefits bills and collects premiums charged to state agencies, public school districts, and other participating local governments. The monthly premium per active employee was \$3.22 for the fiscal year ended June 30, 2021. The SCLTDITF premium is billed monthly by PEBA - Insurance Benefits and transferred monthly to SCLTDITF. It is also funded through investment income.

The allocation percentage of the OPEB amounts are calculated differently for each OPEB trust. For SCRHITF, the allocation percentage is based on the covered payroll surcharge contribution for each employer.

In accordance with GAAP, participating employers should recognize revenue in an amount equal to the employer's proportionate share of the change in the collective net OPEB liability arising from contributions to the OPEB plan during the measurement period from non-employer contributing entities for purposes other than the separate financing of specific liabilities to the

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

---

OPEB plan. Therefore, employers should classify this revenue in the same manner as it classifies grants from other entities.

For purposes of measuring the net OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB Trusts, and additions to and deductions from the OPEB Trusts fiduciary net position have been determined on the same basis as they were reported by the OPEB Trusts. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Therefore, benefit and administrative expenses are recognized when due and payable. Investments are reported at fair value.

PEBA - Insurance Benefits issues audited financial statements and required supplementary information for the OPEB Trust Funds. This information is publicly available on PEBA's website at [www.peba.sc.gov](http://www.peba.sc.gov) or a copy may be obtained by submitting a request to PEBA – Insurance Benefits, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, OPEB Trust fund financial information is also included in the comprehensive annual financial report of the state.

*Actuarial Assumptions and Methods:*

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plans (as understood by the employer and plan participants) and include the types of benefits provided at the time the valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point.

Additional information as of the latest actuarial valuation for SCRHITF:

Valuation Date:	June 30, 2020
Actuarial Cost Method:	Entry Age Normal
Inflation:	2.25%
Investment Rate of Return:	2.75%, net of OPEB Plan investment expense; including inflation
Single Discount Rate:	1.92% as of June 30, 2021
Demographic Assumptions:	Based on the experience study performed for SCRS for the 5-year period ended June 30, 2019
Mortality:	For healthy retirees, the gender-distinct South Carolina Retirees 2020 Mortality Tables are used with fully generational mortality projections based on a fully generational basis by the 80% of Scale UMP to account for future mortality improvements and adjusted with multipliers based on plan experience
Health Care Trend Rate:	Initial trend starting at 6.00% and gradually decreasing to an

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

	ultimate trend rate of 4.00% over a period of 15 years
Retiree Participation:	79% for retirees who are eligible for funded premiums 59% participation for retirees who are eligible for partial funded premiums 20% participation for retirees who are eligible for non-funded premiums
Notes:	The discount rate changed from 2.45% as of June 30, 2020 to 1.92% as of June 30, 2021; demographic and salary increases assumptions were updated to reflect the 2020 SCRS experience study and the health care trend rates were reset to better reflect the plan's anticipated experience

Additional information as of the latest actuarial valuation for SCLTDITF:

Valuation Date:	June 30, 2020
Actuarial Cost Method:	Entry Age Normal
Inflation:	2.25%
Investment Rate of Return:	3.00%, net of Plan investment expense; including inflation
Single Discount Rate:	2.48% as of June 30, 2021
Salary, Termination, and Retirement Rates:	Based on the experience study performed for SCRS for the 5-year period ending June 30, 2019
Disability Incidence:	The rates used in the valuation are 165% of the rates developed for the SCRS pension plans
Disability Recovery:	For participants in payment, 1987 CGDT Group Disability; for active employees, 60% were assumed to recover after the first year and 93% were assumed to recover after the first two years
Offsets:	45% are assumed to be eligible for Social Security benefits; assumed percentage who will be eligible for a pension plan offset varies based on the employee group
Expenses:	Third party administrative expenses were included in the benefit projections
Notes:	The discount rate changed from 2.83% as of June 30, 2020 to 2.48% as of June 30, 2021. Additionally, the salary, termination, and retirement rates assumptions were updated to reflect the 2020 experience study for the SCRS pension valuations, and the disability incidence, disability recovery, and administration fee and offset assumptions were updated to better reflect the plan's anticipated experience

The actuarial valuation was performed as of June 30, 2020. Update procedures were used to roll forward the total OPEB liability to June 30, 2021.

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

*OPEB Liabilities, OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB:*

Net OPEB liability (NOL) is calculated separately for each OPEB Trust Fund and represents that particular Trust's total OPEB liability (TOL) determined in accordance with GASB No. 74, less that Trust's fiduciary net position. The following table represents the components of the NOL as of June 30, 2021:

OPEB Trust	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability	Plan Fiduciary Net Position as a % of Total OPEB Liability
SCRHITF	\$ 22,506,597,989	\$ 1,683,416,992	\$ 20,823,180,997	7.48%
SCLTDITF	\$ 44,378,931	\$ 41,201,247	\$ 3,177,684	92.84%

TOL is calculated by the Trusts' actuary, and each Trust's fiduciary net position is reported in the Trust's financial statements. NOL is disclosed in accordance with the requirements of GASB No. 74 in the Trusts' notes to the financial statements and required supplementary information. Liability calculations performed by the Trusts' actuary are for the purpose of satisfying the requirements of GASB Nos. 74 and 75 and are not applicable for other purposes, such as determining the Trusts' funding requirements.

At June 30, 2022, the District reported a liability of \$28,856,507 for its proportionate share of NOL of the OPEB Trusts. NOL of the OPEB Trusts was determined based on the June 30, 2020 actuarial valuation, using membership data as of June 30, 2020, projected forward to June 30, 2021, and financial information of the OPEB Trusts as of June 30, 2021, using generally accepted actuarial procedures. The District's portion of NOL was based on the District's share of contributions to the OPEB Trusts relative to the contributions of all participating entities. At the June 30, 2021 measurement date, the District's proportion of SCRHITF and SCLTDITF was 0.138561% and 0.116418%, respectively. For the year ended June 30, 2022, the District recognized OPEB expense of \$1,687,193. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual results	\$ 583,890	\$ (742,271)
Net difference between projected and actual earnings on Plan investments	60,955	(69,891)
Change in proportionate share	568,191	(350,285)
Change in assumptions	5,868,967	(694,886)
Contributions subsequent to the measurement date	814,252	-
<b>Total</b>	<b>\$ 7,896,255</b>	<b>\$ (1,857,333)</b>

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

---

Contributions submitted subsequent to the measurement date resulted in a deferred outflow of resources and will be recognized as a reduction of the NOL in the next fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year ending June 30,</u>	
2023	\$ 821,344
2024	808,242
2025	1,030,287
2026	1,109,023
2027	957,730
Later years	<u>498,044</u>
Net balance of deferred inflows of resources	<u>\$ 5,224,670</u>

*Long-term Expected Rate of Return:*

The long-term expected rate of return represents assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2018 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation. This information is summarized in the following table:

<u>South Carolina Retiree Health Insurance Trust Fund</u>			
<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Expected Arithmetic Real Rate of Return</u>	<u>Allocation-Weighted Long-Term Expected Real Rate of Return</u>
U.S. Domestic Fixed Income	80.00%	0.60%	0.48%
Cash equivalents	20.00%	0.35%	0.07%
Total	<u>100.00%</u>		<u>0.55%</u>
Expected inflation			<u>2.25%</u>
Total return			<u>2.80%</u>
Investment return assumption			<u>2.75%</u>

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

South Carolina Long-Term Disability Insurance Trust Fund

Asset Class	Target Asset Allocation	Expected Arithmetic Real Rate of Return	Allocation-Weighted Long-Term Expected Real Rate of Return
U.S. Domestic Fixed Income	80.00%	0.95%	0.76%
Cash equivalents	20.00%	0.35%	0.07%
Total	100.00%		0.83%
Expected inflation			2.25%
Total return			3.08%
Investment return assumption			3.00%

*Single Discount Rate:*

The single discount rate of 1.92% was used to measure TOL for SCRHITF. The accounting policy for this plan is to set the single discount rate equal to the prevailing municipal bond rate. Due to the plan's investment and funding policies, the difference between a blended discount rate and the municipal bond rate would be less than several basis points (several hundredths of one percent).

A single discount rate of 2.48% was used to measure TOL for SCLTDITF. This single discount rate was based on an expected rate of return on plan investments of 3.00% and a municipal bond rate of 1.92%. The projection of cash flows to determine this single discount rate assumed that employer contributions will remain \$38.64 per year for each covered active employee. Based on these assumptions, the plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2037. As a result, the long-term expected rate of return on plan investments was applied to project benefit payments through the year 2037, and the municipal bond rate was applied to all benefit payments after that date.

*Sensitivity Analysis:*

The following table presents the District's proportionate share of SCRHITF's NOL calculated using a single discount rate of 1.92%, as well as what the District's proportionate share of SCRHITF's NOL would be if it were calculated using a single discount rate that is 1.00% lower or 1.00% higher:

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate			
System	1.00% Decrease (0.92%)	Current Discount Rate (1.92%)	1.00% Increase (2.92%)
SCRHITF	\$ 34,774,770	\$ 28,852,808	\$ 24,184,070

CALHOUN COUNTY PUBLIC SCHOOLS  
 NOTES TO FINANCIAL STATEMENTS

Regarding the sensitivity of the District’s proportionate share of SCRHITF’s NOL to changes in the healthcare cost trend rates, the following table presents the District’s proportionate share of SCRHITF’s NOL calculated using the assumed trend rates as well as what the District’s proportionate share of SCRHITF’s NOL would be if it were calculated using a trend rate that is 1.00% lower or 1.00% higher:

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate			
System	1.00% Decrease	Current Healthcare Cost Trend Rate	1.00% Increase
SCRHITF	\$ 23,147,717	\$ 28,852,808	\$ 36,454,652

The following table present’s the District’s proportionate share of SCLTDITF’s NOL calculated using a single discount rate of 2.48%, as well as what the District’s proportionate share of SCLTDITF’s NOL would be if it were calculated using a single discount rate that is 1.00% lower or 1.00% higher:

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate			
System	1.00% Decrease (1.48%)	Current Discount Rate (2.48%)	1.00% Increase (3.48%)
SCLTDITF	\$ 5,382	\$ 3,699	\$ 2,004

The SCLTDITF’s net OPEB liability is not affected by changes in the healthcare cost trend rates due to the method used to calculate benefit payments. Therefore, the sensitivity to changes in the healthcare cost trend rates have not been calculated.

**NOTE 11 - ECONOMIC DEPENDENCY:**

The District receives over 50% of its property tax revenue from two industrial taxpayers each year.

**NOTE 12 - RISK MANAGEMENT:**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has purchased insurance from commercial insurers and feels the coverage provided is adequate.

**NOTE 13 - CONTINGENCIES AND COMMITMENTS:**

In the normal course of operations, the District receives grant funds from various federal and state agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

**NOTE 14 - SUBSEQUENT EVENTS:**

On September 22, 2022, the District issued \$2,208,000 Series 2022B general obligation bonds for the purpose of funding the acquisition and installment purchase revenue bonds payments to SCAGO. The interest rate on the Series 2022B bond is 4.00%, with a maturity date of March 1, 2023.

SINGLE AUDIT SECTION

J. W. Hunt and Company

Certified Public Accountants

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Board of Trustees  
Calhoun County Public Schools  
St. Matthews, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Calhoun County Public Schools, St. Matthews, South Carolina (District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 16, 2022.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

The Board of Trustees  
Calhoun County Public Schools  
St. Matthews, South Carolina

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Calhoun County Public Schools, St. Matthews, South Carolina's (District) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and the provisions of contracts or grant agreements applicable to the District's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## Report on Internal Control over Compliance

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

ST. MATTHEWS, SOUTH CAROLINA**

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
YEAR ENDED JUNE 30, 2022

---

**NOTE 1 - BASIS OF PRESENTATION:**

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal grant activity of Calhoun County Public Schools (District), under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the District.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The District has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.
